Invite you to the screening of
“Full Signal”

A documentary about the health effects related to cellular technology

With Guest Speaker, Camilla Rees

Camilla Rees, MBA is a marketing communications consultant, environmental activist and radio host covering health topics and the green economy. She co-authored the book Public Health SOS: The Shadow Side of the Wireless Revolution

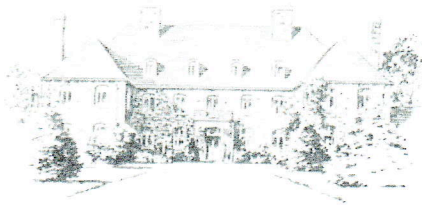

Full Signal talks to scientists around the world who are researching the health effects related to cellular technology; to activists who are fighting to regulate the placement of antennas; and to lawyers and law makers who represent the people wanting those antennas regulated.
